passassassassassassassassassassassas Pan-American Exposition @

Buffalo, N. Y., May I to Nov. I.

In its court settings, architectural, fountain and electrical effects, sculptural adornment, horticultural and floral embelishment, and color decorations this exposition will surpass all others.

To enjoy its charms, with the added attraction of Niagara Falls will be a most delightful privilege.

As the only double track railway from the West to Buffalo (meaning greater safety and dispatch in traveling) and by reason of its furnishing the most complete and frequent service of any line, the Lake Shore & Michigan Southern with its eight through trains daily, including the only daylight train, will prove the most desirable route for exposition travel.

In making it your choice you will travel well. It takes you through the richest and fairest portion of the Middle States, including the heavithal Western. Reserve country with nearly 300 miles of ride along the picturesque south

shore of Lake Erie. All tickets over this route afford use of steamers either way between Cleveland and Buffalo, also stop at Chautauqua on return trip within limit of ticket. "Book of Trains" containing full information about Lake Shure service

free on application to F. M. BYRON, G. W. A., Chicago,
